Dear Admiral,

	I know you are in search of men for Central Intelligence.
STAT	Also I know who served in Marine Corps in first world
	war and with WPB in second world wer, has filed maners with Central
	Intelligence. Without knowing a great deal about your operations,
	it would seem that by background and training he could be of value.
	speaks most highly of him as a public servant. I know
	him only as a friend, but can sneak of him most highly as a man.
	Best wishes and I want to see you again soon.

Yours,

/s/ wlter

Welter Trohan

Rear Admiral Roscoe H. Hillenkoetter Director, Central Intelligence Weshington, D. C.
